

## Purchasing POINT Tickets via the Greyhound Website

Website link: <https://www.greyhound.com/en>

### Step 1

Begin on Greyhound's home page by selecting your origin and destination stops as well as your departure date and number of passengers, followed by your return date if you are making a round-trip purchase.

The screenshot shows the 'BOOK A TRIP' form on the Greyhound website. The form is set for a round-trip from Portland, OR to Astoria, OR, departing on 07/14/2021 and returning on 07/15/2021. There is 1 passenger. The 'Discount Options' dropdown is highlighted with a red circle, and a red arrow points to it. The 'From' and 'To' fields are also circled in red.

Check the box next to "Traveling in your wheelchair?" if you require wheelchair accommodations. Select from the "Discount Options" menu if you would like Student or Veteran discounts.

The screenshot shows the expanded 'Discount Options' dropdown menu. The menu includes options for 'Adults(17-61)', 'Children(2-16)', and 'Seniors(62+)'. A red circle highlights the '1 Passengers' dropdown and the 'Discount Options' dropdown. A red arrow points to the 'Traveling in your wheelchair?' checkbox.

### Step 2

Next, select which POINT bus you will ride depending on the time you would like to depart.

POINT buses on the NorthWest and Cascades Routes will always be represented by a four-digit number beginning with two fives, which will look like "55##."

POINT buses on the Eastern and SouthWest Routes will always be represented by a four-digit number beginning with an eight, which will look like "8###."

In this case, you would select either “Schedule 5500” or “Schedule 5564” depending on what time you would like to depart:
