

Purchasing POINT Tickets via the Greyhound Website (Eastern and SouthWest Routes only)

Website link: <https://www.greyhound.com>

Step 1

Begin on Greyhound's home page by selecting your origin and destination stops as well as your departure date and number of passengers, followed by your return date if you are making a round-trip purchase.

Check the box next to "Traveling in your wheelchair?" if you require wheelchair accommodations. Select from the "Discount Options" menu if you would like Student or Veteran discounts.

Step 2

Next, select which POINT bus you will ride depending on the time you would like to depart.

POINT buses on the Eastern and SouthWest Routes will always be represented by a four-digit number beginning with an eight, which will look like "8####."

In this case, you would select “Schedule 8409” for our Eastbound Bend to Ontario bus.

Select “Book This Fare” when you are finished selecting your trip.

For a round-trip purchase, complete Step 2 once more for your return trip.

Step 3

Enter your Traveler and Payment Information, then select "Pay Now" to complete your purchase.
