

## Purchasing POINT Tickets via the Amtrak Website

Website link: <https://www.amtrak.com/home.html>

### Step 1

Begin on Amtrak’s home page by selecting your origin and destination stops as well as your departure date, followed by your return date if you are making a round-trip purchase.

The screenshot shows the Amtrak website search interface. At the top, there are navigation tabs: One-Way, Round-Trip (selected), Rail Passes, Auto Train, Hotels & Cars, and Other Options. Below the tabs, there is a search form with the following elements: a "Use Points" toggle switch, a "FIND TRAINS" button, and a search area with origin and destination fields. The origin field is set to "PDX Portland, OR Union Station" and the destination field is set to "EUG Eugene, OR Amtrak Station". Both fields are circled in red, with red arrows pointing to them from the left. The search dates are "7/14/2021" and "7/15/2021". Below the search area, there is a "1 Traveler" dropdown menu and an "Advanced Search" dropdown menu.

When selecting your origin and destination stops, be sure to select only stops which are served by the POINT. For example, you will want to select “Portland, OR – Union Station” from the drop-down menu instead of “Portland, OR – Greyhound Bus stop,” which is not served by our buses.

The screenshot shows the Amtrak website search interface with the origin field dropdown menu open. The dropdown menu is titled "Stations" and lists three options: "Portland, OR - Greyhound bus stop (PDG)", "Portland, OR - Portland International Airport (PDA)", and "Portland, OR - Union Station (PDX)". The "Portland, OR - Union Station (PDX)" option is circled in red, with a red arrow pointing to it from the left. The search form also shows the "To" field, "Depart Date", "Return Date", and "FIND TRAINS" button.

For help with selecting the correct stops, refer to the Routes and Schedules page on the POINT website: <https://www.oregon-point.com/route-landing/>.

Select the number of travelers and traveler type (Adult, Youth, Child, or Infant).

## Step 2

Next, select which POINT bus you will ride depending on the time you would like to depart.

POINT buses on the NorthWest and Cascades Routes will always be represented by a four-digit number beginning with two fives, which will look like "55##."

POINT buses on the Eastern and SouthWest Routes will always be represented by a four-digit number beginning with an eight, which will look like "8###."

In this case, you would select the "5541 Connecting Bus" circled in red in the screenshot below:

			Coach from \$22
			Business from \$45

Note that if you select a trip that is not a POINT route from the list above, you may not be able to access certain features offered to POINT passengers, such as reserving space for a bicycle on the bus.

For a round-trip purchase, complete Step 2 once more for your return trip. Once you have finished selecting your departure times, select “Continue.”

### Step 3

Enter your Traveler information and select “Continue” when you are finished.
